

MINISTRY OF EDUCATION AND SPORTS

EARLY GRADE READING ADVERTISEMENT 2016

The Government of Uganda (GOU) received a grant of US\$100 million from the International Development Association (World Bank), acting as Supervising Entity for the Global Partnership for Education Fund, for the Uganda Teacher and School Effectiveness Project (UTSEP).

The Project Development Objective for UTSEP is to support the Government of Uganda in improving teacher and school effectiveness in the public primary education system

The project beneficiaries will be:

- An estimated 8,100,000 pupils will benefit from new textbooks, 1,000,000 from improved teacher effectiveness in early grade reading teaching, 112,000 from new class-rooms, and 80,000 from trained childhood caregivers.
- Approximately 20,800 teachers in primary schools will benefit through training in teaching early grade reading, improved in-service tutoring, early childhood education, and school leadership.
- 8,000 school management committee members and head teachers who will receive training.
- Parents and communities with children in schools covered under the program that will indirectly benefit from higher quality education, greater information and enhanced voice in school management.

- Staff in the Ministry of Education and Sports as well as district staff managing teachers and education service delivery who will receive training.

The USEP is implemented under three components namely:

- Component 1: Effective Teachers;
- Component 2: Effective Schools
- Component 3: Implementation Support and Capacity Building

Under the project, teacher effectiveness will be promoted through strengthening effectiveness of early grade literacy instruction at the classroom levels through improving teacher and instructor competencies (content, knowledge, skills and pedagogy) and practices for the delivery of the early grade numeracy and literacy primary school curriculum, targeting primary teachers and instructors, and Early Childhood Education (ECE) providers and caregivers. The main expected results are the numbers of Early Grade Reading (EGR) teachers trained, tutors certified, and ECE instructors trained.

The project also aims at providing (i) instructional materials and teacher guides for said early grade reading program to be delivered to schools cohort by cohort beginning December 2016.

One of the major areas of focus for component UTSEP, which

is "Effective Teachers" is to scale up the Early Grade Reading Model developed under the School Health and Reading Programme in 27 districts. The methodology for implementation involves training all P.1, P.2 and P.3 teachers and head teachers for all Government aided primary schools in the 27 beneficiary districts and supplying the schools with Early Grade Reading materials to be used by teachers and learners.

The programme started with the training head teachers, accomplished in August, 2015. This was followed by training of P.1 teachers in January, 2016 and refresher training for the same teachers in May, 2016. Training of P.2 teachers is scheduled to take place in January 2017 while that for P.3 teachers will be done in January, 2018.

The trained teachers are supposed to be supervised and supported by the trained head teachers/deputies, Coordinating Center Tutors (CCTs), selected pre-service tutors and inspectors of school. Implementation is also supposed to be highly monitored by staff of the Ministry of Education and Sports under the guidance of the Department of Teacher, Instructor Education and Training (TIET). The matrix below shows the list of trained teachers and those yet to be trained.

CLASS	TRAINED	DATE
Head teachers	2680	August 2015
Primary One	3809	January 2016
Primary Two	3682	January 2017
Primary Three	3609	January 2018
Expected Total	13,789	By June 2015
Target	12,000	

Schedule for the Primary Two teacher training

CLASS	TRAINED	DATE
Initial Training		
Master Training	35	8th to 15th January, 2017
Training of Trainers	198	15th to 22nd January, 2017
Training Primary Two	3682	22nd to 29th January, 2017
Refresher Training		
Master Training	35	23rd to 27th April, 2017
Training of Trainers	198	30th to 2nd April, 2017
Training Primary Two	3682	7th to 11th May 2017

Teachers and concerned stakeholders are requested to save the above dates for the respective trainings. Below are the lists of teachers to be trained per district.

TRAINING

Training dates for Master Trainers - 8th to 14th January 2017

Trainers of Trainers - 15th to 21st January 2017

Teacher training at PTC level - 22nd to 28th January 2017

PRIMARY TWO (P.2) TEACHERS TO BE TRAINED IN EGR IN MARACHA DISTRICT
